ABOUT US

HARIKRUSHNA EXPORT TEXTILE INDUSTRY started in 1983, as a manufacturer for local market has today evolved to become one of the leading names in fabric manufacturers and exporters internationally.

We are acknowledged by ensuring products made with the highest standards supported by a quality assurance system that sustainably incorporates continuous improvements in our processes, thus benefiting both, our customers and staff. We specialize in supplying our customers with a "Full Package" program of knitted apparel products. Our service starts with product development and ends with the finishing of the garments. To ensure quality in our diverse production processes we count on a qualified and multidisciplinary team of professionals who receive consistent training and that is committed to meeting the requirements of our customers with a dedicated commercial support.

Vision

To be an innovative, vertically-integrated textile company with diverse and high quality textile products, that works with enough flexibility to serve high-end market segments with designs and collections. Be a company led by a culture of operational excellence that offers a prompt response, and top-quality service to our customers thanks to our highly trained and motivated staff which allow us to grow with sustained profitability.

Mission

We are a textile company with diversified and vertically-integrated lines of business, working to meet the quality standards of our customers by using our innovative and service-oriented capacity that is flexible enough to produce differentiated products.

We have a team of experts who are identified with and committed to the company, and who promote the development of their skills. Our operations are aimed at the achievement of profitability in sustainable growth, while promoting social and environmental responsibility.

Values

The actions of our organization are based on the following values:

Respect

Everybody is respected and valued in the company, therefore we comply with the rules and internal policies that ensures a good working environment.

Quality

We strive for comprehensive quality in our employees, processes and products in accordance with current market demands and globalization.

Innovation

We are open to change, we seek continuous improvement and competitive differentiation stemming from research, analysis, and creativity

Teamwork

We offer to our team members our confidence, talent and enthusiasm so that they can achieve common objectives with superior results

Social Responsibility

We are committed to the rational and responsible use of resources, and the creation of products that enhance the quality of life of our employees, customers, and society, while caring for the environment, achieving economic growth, and gaining competitiveness in our Company

Production Process

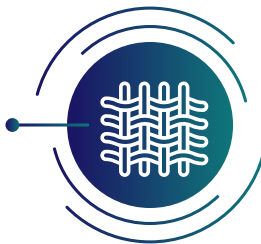

Cotton Storage

The company purchases raw seed cotton from farmers and gins it into fine cotton which is then packed in bales. The cotton lint produced is one of the finest in India.

Spinning & Weaving

Spinning & Weaving is the core activity through which textile production starts. Yarn is formed by twisting together the drawn out strands of fibres. We are capable of producing carded and slub yarns.

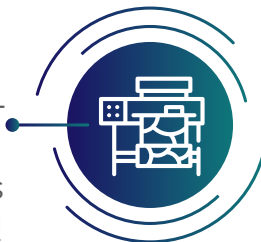

Design Development

We take care that African designs should be representative symbols of African society. African textiles design originated from the cultural backgrounds of 55 African countries and more than 800 linguistic groups.

Fabric Processing & Printing

Equipped with environment friendly singeing, bleaching, mercerizing and wider washing ranges compliments the back processes mandatory for quality dyeing and printing of up to 100,000 meters a day.

Cutting & Label Sticker & Packaging

In this final stage, we cut fabrics like 6 yards or 12 yards according to customer choice & put their brands label stickers on fabrics & after that complete the packaging of bale.

Products

**African Wax
Printed fabrics**

Ankara Fabrics

**Real Wax
Fabrics**

**Super Wax
Fabrics**
